Statement by the Council

In the opinion of the Council,

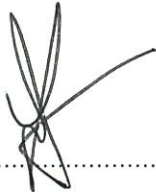

- (a) the accompanying financial statements are drawn up so as to present fairly, in all material respects, the state of affairs of the Society as at 31 December 2022 and of the results, changes in funds and cash flows of the Society for the reporting year ended on that date; and
- (b) at the date of this statement there are reasonable grounds to believe that the Society will be able to pay its debts as and when they fall due.

The Council approved and authorised these financial statements for issue on the date of this statement.

On behalf of the Council

Audit@RSMSingapore.sg
www.RSMSingapore.sg**Independent auditor's report to the members of the
Singapore Cancer Society****Report on the financial statements****Opinion**

We have audited the accompanying financial statements of Singapore Cancer Society (the "Society") which comprise the statement of financial position as at 31 December 2022, and the statement of financial activities, statement of changes in funds and statement of cash flows for the reporting year then ended, and notes to the financial statements, including the significant accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Societies Act 1966 (the "Societies Act"), the Charities Act 1994 and other relevant regulations (the "Charities Act and Regulations") and the Singapore Financial Reporting Standards ("SFRSs") so as to present fairly, in all material respects, the state of affairs of the Society as at 31 December 2022 and of the results, changes in funds and cash flows of the Society for the reporting year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Society in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

Management is responsible for the other information. The other information comprises the information included in the statement by the Council and annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent auditor's report to the members of the Singapore Cancer Society

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the provisions of the Societies Act, the Charities Act and Regulations and the financial reporting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Society's financial reporting process.

Auditor's responsibility for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

**Independent auditor's report to the members of the
Singapore Cancer Society**

Auditor's responsibility for the audit of the financial statements (cont'd)

- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

In our opinion:

- (a) the accounting and other records required to be kept by the Society have been properly kept in accordance with the provisions of the Societies Regulations enacted under the Societies Act, the Charities Act and Regulations; and
- (b) the fund-raising appeals held during the reporting year has been carried out in accordance with Regulation 6 of the Societies Regulations issued under the Societies Act and proper accounts and other records have been kept of the fund-raising appeal.

**Independent auditor's report to the members of the
Singapore Cancer Society**

Report on other legal and regulatory requirements (cont'd)

During the course of our audit, nothing has come to our attention that causes us to believe that during the year:

- (a) the Society has not used the donation moneys in accordance with its objectives as required under Regulation 11 of the Charities (Institutions of a Public Character) Regulations; and
- (b) the Society has not complied with the requirements of Regulation 15 of the Charities (Institutions of a Public Character) Regulations.

Notes to the Financial Statements
For the reporting year ended 31 December 2022

1. General

Singapore Cancer Society (the "Society") is established in Singapore under the Societies Act 1966. The Society is also registered as a charitable organisation under the Charities Act 1994 and an approved Institution of a Public Character ("IPC") under the Income Tax Act 1947.

The functional currency of the Society is Singapore Dollar and the financial statements are presented in Singapore Dollar.

The financial statements were approved and authorised for issue by the Council of the Society on the date indicated in the statement by the Council.

The principal objectivities of the Society are those of a community-based voluntary health organisation dedicated to minimising the impact of cancer through public education, screening, patient service, financial assistance, research and advocacy.

The constitution of the Society restricts the use of fund monies to the furtherance of the objects of the Society. It prohibits the payment of dividends to its members.

The Society is registered and situated in Singapore. The registered office address is: 30 Hospital Boulevard, #16-02, Singapore 168583.

Statement of compliance with financial reporting standards

These financial statements have been prepared in accordance with the Singapore Financial Reporting Standards ("SFRSs") and the related interpretations to SFRSs ("INT SFRS") as issued by the Singapore Accounting Standards Council.

Accounting convention

The financial statements are prepared on a going concern basis under the historical cost convention except where a financial reporting standard requires an alternative treatment (such as fair values) as disclosed where appropriate in these financial statements. The accounting policies in the SFRSs may not be applied when the effect of applying them is not material. The disclosures required by financial reporting standards may not be provided if the information resulting from that disclosure is not material.

Basis of preparation of financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates. The estimates and assumptions are reviewed on an ongoing basis. Apart from those involving estimations, management has made judgements in the process of applying the Society's accounting policies. The areas requiring management's most difficult, subjective or complex judgements, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 2C below, where applicable.

2. Significant accounting policies and other explanatory information

2A. Significant accounting policies

Revenue recognition

The financial reporting standard on revenue from contracts with customers establishes a five-step model to account for revenue arising from contracts with customers. Revenue is recognised at an amount that reflects the consideration to which the Society expects to be entitled in exchange for transferring goods or services to a customer (which excludes estimates of variable consideration that are subject to constraints, such as right of return exists, trade discounts, volume rebates and changes to the transaction price arising from modifications), net of any related sales taxes and excluding any amounts collected on behalf of third parties. An asset (goods or services) is transferred when or as the customer obtains control of that asset. As a practical expedient the effects of any significant financing component is not adjusted if the payment for the good or service will be within one year.

(i) Donations and corporate cash sponsorships

Income from donations and corporate cash sponsorships are accounted for when received, except for committed donations and corporate cash sponsorships which are recorded when the commitments are signed and there is certainty over the amount committed by the donors.

Donations-in-kind

A donation-in-kind is recognised based on an estimate of the fair value at the date of the receipt of the donated non-monetary asset or the grant of a right to the monetary asset. The donated asset is recognised if its amount can be measured reliably and there is no uncertainty that it will be received. No value is ascribed to volunteer services.

(ii) Fund raising

Income from the holding of a specified event is recognised when the event takes place.

(iii) Interest income

Interest income is recognised on a time-proportion basis using the effective interest rate method.

Grants

Grants are recognised at fair value when there is reasonable assurance that the conditions attaching to them will be complied with and that the grants will be received. Grants in recognition of specific expenses are recognised in profit or loss on a systematic basis over the periods necessary to match them with the related costs that they are intended to compensate. The grant related to assets is presented in the statement of financial position by recognising the grant as deferred income that is recognised in profit or loss on a systematic basis over the useful life of the asset and in the proportions in which depreciation expense on those assets is recognised.

2. Significant accounting policies and other explanatory information (cont'd)

2A. Significant accounting policies (cont'd)

Employee benefits

Contributions to a defined contribution retirement benefit plan are recorded as an expense as they fall due. The Society's legal or constructive obligation is limited to the amount that it is obligated to contribute to an independently administered fund (such as the Central Provident Fund in Singapore, a government managed defined contribution retirement benefit plan). For employee leave entitlement the expected cost of short-term employee benefits in the form of compensated absences is recognised in the case of accumulating compensated absences, when the employees render service that increases their entitlement to future compensated absences; and in the case of non-accumulating compensated absences, when the absences occur. A liability for bonuses is recognised where the Society is contractually obliged or where there is constructive obligation based on past practice.

Income tax

As an approved charity under the Charities Act 1994, the Society is exempted from income tax under section 13(1)(zm) of the Income Tax Act 1947.

Plant and equipment

Plant and equipment are carried at cost on initial recognition and after initial recognition at cost less any accumulated depreciation and any accumulated impairment losses.

Cost also includes acquisition cost, borrowing cost capitalised and any cost directly attributable to bringing the asset or component to the location and condition necessary for it to be capable of operating in the manner intended by management. Subsequent costs are recognised as an asset only when it is probable that future economic benefits associated with the item will flow to the Society and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss when they are incurred.

Depreciation is provided on a straight-line basis to allocate the gross carrying amounts of the assets less their residual values over their estimated useful lives of each part of an item of these assets. The estimated useful lives are as follows:

| | |
|------------------------|----------|
| Computers | 3 years |
| Furniture and fittings | 5 years |
| Motor vehicles | 10 years |

An asset is depreciated when it is available for use until it is derecognised even if during that period the item is idle. Fully depreciated assets still in use are retained in the financial statements.

Right-of-use assets

The right-of-use assets are accounted and presented as if they were owned such as plant and equipment. The estimated useful lives are as follows:

| | |
|-------------------------|------------------------|
| Premises | 12 months to 60 months |
| Machinery and equipment | 32 months to 60 months |

2. Significant accounting policies and other explanatory information (cont'd)

2A. Significant accounting policies (cont'd)

Leases of lessee

A lease conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration. A right-of-use asset is capitalised in the statement of financial position, measured at the present value of the unavoidable future lease payments to be made over the lease term. A liability corresponding to the capitalised right-of-use asset is also recognised, adjusted for lease prepayments, lease incentives received, initial direct costs incurred and an estimate of any future restoration, removal or dismantling costs. The right-of-use asset is depreciated over the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. An interest expense is recognised on the lease liability (included in finance costs). For short-term leases of 12 months or less and leases of low-value assets (such as personal computers and small office equipment) where an accounting policy choice exists under the lease standard, for such leases, a right-of-use asset is recognised.

Carrying value of non-financial assets

The carrying amount of non-financial assets is reviewed at each end of the reporting year for indications of impairment and where an asset is impaired, it is written down through profit or loss to its estimated recoverable amount. The impairment loss is the excess of the carrying amount over the recoverable amount and is recognised in profit or loss. The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. When the fair value less costs of disposal method is used, any available recent market transactions are taken into consideration. When the value in use method is adopted, in assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). At each end of the reporting year non-financial assets with impairment loss recognised in prior periods are assessed for possible reversal of the impairment. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been measured, net of depreciation, if no impairment loss had been recognised.

Financial instruments

Recognition and derecognition of financial instruments

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the entity becomes party to the contractual provisions of the instrument. All other financial instruments (including regular-way purchases and sales of financial assets) are recognised and derecognised, as applicable, using trade date accounting or settlement date accounting. At initial recognition the financial asset or financial liability is measured at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. A financial asset is derecognised when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the entity neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. A financial liability is removed from the statement of financial position when, and only when, it is extinguished, that is, when the obligation specified in the contract is discharged or cancelled or expires.

Financial instruments (cont'd)

Classification and measurement of financial assets

Financial assets are classified into (1) Financial asset classified as measured at amortised cost; (2) Financial asset that is an equity investment measured at fair value through other comprehensive income (FVTOCI); (3) Financial asset that is a debt asset instrument classified as measured at fair value through other comprehensive income (FVTOCI); and (4) Financial asset classified as measured at fair value through profit or loss (FVTPL).

At the end of the reporting year, the Society had the following financial assets:

- Financial asset classified as measured at amortised cost: A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss (FVTPL), that is (a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Typically trade and other receivables, bank and cash balances are classified in this category.
- Financial asset that is a debt asset instrument classified as measured at fair value through other comprehensive income (FVTOCI): A debt asset instrument is measured at fair value through other comprehensive income (FVTOCI) only if it meets both of the following conditions and is not designated as at FVTPL, that is (a) the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets are not reclassified subsequent to their initial recognition, except when, and only when, the Society changes its business model for managing financial assets (expected to be rare and infrequent events). The previously recognised gains, losses, or interest cannot be restated. When these financial assets are derecognised, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss.
- Financial asset classified as measured at fair value through profit or loss (FVTPL): All other financial assets are classified as measured at FVTPL. In addition, on initial recognition, management may irrevocably designate a financial asset as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Classification and measurement of financial liabilities

Financial liabilities are classified as at FVTPL in either of the following circumstances:

- (i) the liabilities are managed, evaluated and reported internally on a fair value basis; or
- (ii) the designation eliminates or significantly reduces an accounting mismatch that would otherwise arise.

All other financial liabilities are carried at amortised cost using the effective interest method. Reclassification of any financial liability is not permitted.

2. Significant accounting policies and other explanatory information (cont'd)

2A. Significant accounting policies (cont'd)

Cash and cash equivalents

For the statement of cash flows, cash and cash equivalents includes cash and cash equivalents less cash subject to restriction, if any. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Fair value measurement

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, market observable data to the extent possible is used. If the fair value of an asset or a liability is not directly observable, an estimate is made using valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs (e.g., by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset/liability that market participants would take into account. The Society's intention to hold an asset or to settle or otherwise fulfil a liability is not taken into account as relevant when measuring fair value.

Fair values are categorised into different levels in a fair value hierarchy based on the degree to which the inputs to the measurement are observable and the significance of the inputs to the fair value measurement in its entirety: Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (ie as prices) or indirectly (i.e., derived from prices). Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs). Transfers between levels of the fair value hierarchy are recognised at the end of the reporting period during which the change occurred.

The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value. The fair values of non-current financial instruments may not be disclosed separately unless there are significant differences at the end of the reporting year and in the event the fair values are disclosed in the relevant notes to the financial statements.

2. Significant accounting policies and other explanatory information (cont'd)

2B. Other explanatory information

Funds

All income and expenditures are reflected in the statement of financial activities. Income and expenditures specifically relating to any of the funds separately set up by the Society are allocated subsequently to those funds. Fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated to specific purposes, if any, by action of the management. Externally restricted funds may only be utilised in accordance with the purposes established by the source of such funds or through the terms of an appeal and are in contrast with unrestricted funds over which management retains full control to use in achieving any of its institutional purposes. An expense resulting from the operating activities of a fund that is directly attributable to the fund is charged to that fund. Common expenses if any are allocated on a reasonable basis to the funds based on a method most suitable to that common expense unless impractical to do so.

Provisions

A liability or provision is recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. A provision is made using best estimates of the amount required in settlement and where the effect of the time value of money is material, the amount recognised is the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense. Changes in estimates are reflected in profit or loss in the period they occur.

2C. Critical judgements, assumptions and estimation uncertainties

The critical judgements made in the process of applying the accounting policies that have the most significant effect on the amounts recognised in the financial statements and the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities currently or within the next reporting year are discussed below. These estimates and assumptions are periodically monitored to ensure they incorporate all relevant information available at the date when financial statements are prepared. However, this does not prevent actual figures differing from estimates.

Debt asset instruments measured at FVTOCI

The classification of these debt asset instruments as measured at FVTOCI requires significant judgement. They must not be designated as at FVTPL. Judgement is required in the assessment of the conditions that the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. If the conditions are not met, the accounting treatment would then be as for FVTPL or at amortised cost. The amount of debt asset instrument measured at FVTOCI at the end of the reporting year is disclosed in note 17 to the financial statements.

2. Significant accounting policies and other explanatory information (cont'd)

2C. Critical judgements, assumptions and estimation uncertainties (cont'd)

Allocation of expenses to unrestricted funds and restricted funds

Management's assumption is required to allocate the corporate expenses to the unrestricted funds and restricted funds. Assumptions made include the expenditures of individual unrestricted funds and restricted funds which is representative basis of allocation of expenses. Such assumption is subject to judgements and may develop materially differently than expected and therefore resulting in significant impact on the unrestricted and restricted fund balances at the reporting year end. The fund balances at the reporting year end are disclosed in note 25 to the financial statements.

3. Related party relationships and transactions

The financial reporting standard on related party disclosures requires the Society to disclose: (a) related party relationships, transactions and outstanding balances, including commitments, including (b) relationships between parents and subsidiaries irrespective of whether there have been transactions between those related parties. A party is related to a party if the party controls, or is controlled by, or can significantly influence or is significantly influenced by the other party.

For the Society, related parties include the Council members and key management of the Society. It also includes an entity or person that directly or indirectly controls, is controlled by, or is under common or joint control with these persons; members of the key management personnel or close members of the family of any individual referred to herein and others who have the ability to control, jointly control or significantly influence by or for which significant voting power in such entity resides with, directly or indirectly, any such individual.

All Council members, chairman of sub-committees and staff members of the Society are required to read and understand the conflict of interest policy in place and make full disclosure of interests, relationships and holding that could potentially result in conflict of interests. When a conflict of interest situation arises, the members or staff shall abstain from participating in the discussion, decision making and voting on the matter.

In accordance with the Code of Governance, the Council members, or people connected with them, have not received remuneration, or other benefits, from the Society or from institutions connected with the Society.

There is no claim by the Council members for services provided to the Society, either by reimbursement to the Council members or by providing the Council members with an allowance or by direct payment to a third party.

There are no paid staff who are close members of the family of the Council members and CEO, and whose remuneration each exceeds \$50,000 during the year.

There were no transactions with a corporation in which the above key management personnel have an interest.

SINGAPORE CANCER SOCIETY

3A. Key management compensation

| | <u>2022</u> | <u>2021</u> |

SINGAPORE CANCER SOCIETY

15. Tax-exempt receipts

The Society enjoys a concessionary tax treatment whereby qualifying donors are granted 2.5 times (2021: 2.5 times) tax deduction for the donations made to the Society. The quantum of the tax deduction for each calendar year may vary as announced in the Singapore Budget. The Institutions of a Public Character status granted to the Society for donations is for the period from 31 March 2022 to 30 March 2025.

The management has appointed external fund managers since 1 November 2016 to invest and manage the moneys in accordance with the prudent guidelines set out by management. An investment committee has been set up to oversee these investments. The management and the investment committee receive periodic reports on the financial performance of the investments and the markets which the investments are in.

17. Other financial assets (cont'd)

17A. Investments in debt asset instruments at FVTOCI (cont'd)

| | <u>Level</u> | <u>2022</u> \$ | <u>2021</u> \$ |
|---------------------|--------------|-------------------|-------------------|
| <u>Quoted bonds</u> | | | |
| Singapore | 1 | <u>60,850,138</u> | <u>45,141,732</u> |

These bonds have fixed coupon rates ranging from 1.20% to 5.00% (2021: 1.73% to 4.60%) per annum. Their maturity dates range from January 2023 to October 2036 (2021: February 2022 to September 2034).

A summary of the maturity dates as at the end of reporting year is as follows:

| | <u>2022</u> \$ | <u>2021</u> \$ |
|---------------------|-------------------|-------------------|
| Within 1 year | 6,699,736 | 4,293,722 |
| Within 2 to 5 years | 33,427,248 | 23,690,691 |
| More than 5 years | <u>20,723,154</u> | <u>17,157,319</u> |
| | <u>60,850,138</u> | <u>45,141,732</u> |

Credit rating of the debt asset instruments at FVTOCI

The debt asset investments at FVTOCI are subject to the expected credit loss model under the financial reporting standard on financial instruments.

Listed bonds are regarded as of low credit risk if they have an investment grade credit rating with one or more reputable rating agencies. Other bonds are regarded as of low credit risk if they have a low risk of default and the issuer has a strong capacity to meet its contractual cash flow obligations in the near term. The methodology applied for impairment loss depends on whether there has been a significant increase in credit risk.

A summary of credit ratings of investments in debt assets instruments at FVTOCI is as follows:

| | <u>2022</u> \$ | <u>2021</u> \$ |
|---|-------------------|-------------------|
| Balances with investment grade credit rating with one or more reputable rating agencies | 30,629,545 | 16,088,970 |
| Balances not having an investment grade credit rating | <u>30,220,593</u> | <u>29,052,762</u> |
| Total | <u>60,850,138</u> | <u>45,141,732</u> |

The debt assets investments at FVTOCI are considered to have low credit risk, and no loss allowance for impairment is deemed necessary.

17. Other financial assets (cont'd)**17B. Investments in debt asset instrument at FVTPL**

| | <u>2022</u> \$ | <u>2021</u> \$ |
|-------------------------------------|-------------------|-------------------|
| <u>Movements during the year:</u> | | |
| Fair value at beginning of the year | – | – |
| Additions | 2,480,116 | – |
| Disposals | (243,385) | – |
| Loss on fair value changes | (171,579) | – |
| Fair value at end of the year | <u>2,065,152</u> | <u>–</u> |

The information gives a summary of the significant concentrations with the investment portfolio including their fair value hierarchy, where necessary.

| | <u>2022</u> \$ | <u>2021</u> \$ |
|-------------------------------|--------------------|-------------------|
| <u>Level</u> | | |
| <u>Quoted perpetual bonds</u> | | |
| Singapore | 1 <u>2,065,152</u> | <u>–</u> |

These bonds have fixed coupon rates ranging from 3.00% to 4.10% (2021: Nil) per annum and have no fixed maturity date (2021: Nil).

17C. Fair values

The fair values of investments in debt asset instruments are based on prices in an active market at the end of the reporting year.

Sensitivity analysis for price risk of debt asset instruments

Debt asset instruments are exposed to market price risk arising from uncertainties about future values of these investments.

Sensitivity analysis: The effect is as follows:

| | <u>2022</u> \$ | <u>2021</u> \$ |
|--|-------------------|-------------------|
| A hypothetical 10% increase/(decrease) in the fair value of quoted debt asset instruments at FVTOCI would increase/(decrease) other comprehensive income by the following amount | 6,085,014 | 4,514,147 |
| A hypothetical 10% increase/(decrease) in the fair value of quoted debt asset instruments at FVTPL would increase/(decrease) net surplus by the following amount | <u>206,515</u> | <u>–</u> |

For similar price decreases in the fair value of the above financial assets, there would be comparable impacts in the opposite direction.

18. Right-of-use assets

Right-of-use assets in the statement of financial position relate to premises, machinery and equipment leased by the Society and are presented as follows:

| | <u>Premises</u> | <u>Machinery and equipment</u> | <u>Total</u> |
|---------------------------------|-----------------|--------------------------------|--------------|
| | \$ | \$ | \$ |
| <u>Cost</u> | | | |
| At 1 January 2021 | 704,523 | 32,890 | 737,413 |

| At 31 December 2022 | 798,965 | 30,848 | 829,813 |
| <u>Accumulated depreciation</u> | | | |
| At 1 January 2021 | 175,232 | 11,783 | 187,015 |
| Depreciation for the year | 629,653 | 7,526 | 637,179 |
| Disposals | (531,654) | (9,287) | (540,941) |
| At 31 December 2021 | 273,231 | 10,022 | 283,253 |
| Depreciation for the year | 717,897 | 6,170 | 724,067 |
| Disposals | (671,196) | – | (671,196) |
| At 31 December 2022 | 319,932 | 16,192 | 336,124 |
| <u>Net book value</u> | | | |
| At 1 January 2021 | 529,291 | 21,107 | 550,398 |
| At 31 December 2021 | 570,828 | 20,826 | 591,654 |
| At 31 December 2022 | 479,033 | 14,656 | 493,689 |

Depreciation expenses are charged to the statement of financial activities as follows:

| | <u>2022</u> | <u>2021</u> |
|---|-------------|-------------|
| | \$ | \$ |
| Cost of generating voluntary income | 7,732 | 3,387 |
| Cost of charitable activities | | |
| – Cancer screening and public education | 47,422 | 31,591 |
| – Welfare services | 41,237 | 27,527 |
| – Hospice homecare services | 17,009 | 7,452 |
| – Cancer rehabilitation services | 547,269 | 540,126 |
| – Research and data analytics | 1,546 | 677 |
| Cost of fund generating activities | 32,472 | 12,871 |
| Administrative expenses | 29,380 | 13,548 |
| Total | 724,067 | 637,179 |

There are restrictions or covenants imposed by the leases to sublet the asset to another party. The right-of-use assets can only be used by the lessee. Unless permitted by the owner, the lease prohibits from selling or pledging the underlying leased assets as security. Typically, the leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. For leases over properties the leases require those properties in a good state of repair and return the properties in their original condition at the end of the lease. Insurance, and maintenance fees on right-of-use assets are usually required under the lease contracts.

SINGAPORE CANCER SOCIETY

19. Other receivables

| | <u>2022</u> | <u>2021</u> |
|--------------------------------------|------------------|------------------|
| | \$ | \$ |
| Interest receivables | 694,315 | 401,605 |
| Ministry of Health | 335,951 | 202,189 |
| Singapore Telecommunications Limited | – | 250,000 |
| TOTE Board | – | 200,000 |
| Health Promotion Board | 175,498 | 165,976 |
| Outside parties | 489,447 | 370,849 |
| | <u>1,695,211</u> | <u>1,590,619</u> |

Other receivables are normally with no fixed terms and therefore there is no maturity.

Other receivables at amortised cost shown above are subject to the expected credit loss model under the financial reporting standard on financial instruments. Other receivables can be considered to have low credit risk if they have a low risk of default and the debtor has a strong capacity to meet its contractual cash flow obligations in the near term. No loss allowance is deemed necessary.

20. Other assets

| | <u>2022</u> | <u>2021</u> |

SINGAPORE CANCER SOCIETY

23. Other liabilities (cont'd)

23A. Community Silver Trust Grant

| | <u>2022</u> | <u>2021</u> |
|----------------------------------|--------------------|--------------------|
| | \$ | \$ |
| Balance at beginning of the year | 4,500,000 | 1,500,000 |
| Grants received during the year | 4,678,582 | 5,000,000 |
| Transfer to other grants | <u>(2,000,000)</u> | <u>(2,000,000)</u> |
| Balance at end of year | <u>7,178,582</u> | <u>4,500,000</u> |

The community silver trust ("CST") grant is a dollar-to-dollar donation matching grant provided by the government to enhance the services of voluntary welfare organisations in the intermediate and long-term care sector. One key objective of the CST grant is to encourage public donations from individuals, foundations and corporate establishments. With additional CST funds matched by the government, organisations will be able to enhance capabilities and expand their capacities to improve quality of care and provide affordable step down care.

23B. Care and Share Grant

| | <u>2022</u> | <u>2021</u> |
|----------------------------------|------------------|------------------|
| | \$ | \$ |
| Balance at beginning of the year | 306,057 | 813,383 |
| Utilised during the year | <u>(306,057)</u> | <u>(507,326)</u> |
| Balance at end of year | <u>—</u> | <u>306,057</u> |

The Care and Share Grant is a dollar-to-dollar donation matching grant provided by the government to show care and concern for the needy and recognise the contributions made by social service organisations. One key objective of the Care and Share Grant is to build capabilities and capacities of the social service sector and supporting social services to meet rising needs.

23C. Other grants

| | <u>2022</u> | <u>2021</u> |
|--|--------------------|------------------|
| | \$ | \$ |
| Balance at beginning of the year | 2,091,407 | 157,392 |
| Grants received during the year | 514,850 | 130,881 |
| Transfer from Community Silver Trust Grant | 2,000,000 | 2,000,000 |
| Utilised during the year | <u>(2,366,314)</u> | <u>(196,866)</u> |
| Balance at end of year | <u>2,239,943</u> | <u>2,091,407</u> |

Other grants consist mainly of \$2,000,000 (2021: \$2,000,000) CST grant which has been allocated for its Recurrent Operating Expenses (ROE) usage. The remaining amounts consist of other deferred corporate sponsorship income which are recognised in profit or loss on a systematic basis over the periods necessary to match them with the related costs that they are intended to compensate.

24. Lease liabilities

Lease liabilities are presented in the statement of financial position as follows:

| | <u>2022</u> | <u>2021</u> |
|--------------------------------|----------------|----------------|
| | \$ | \$ |
| Lease liabilities, current | 448,112 | 504,940 |
| Lease liabilities, non-current | <u>62,827</u> | <u>104,741</u> |
| | <u>510,939</u> | <u>609,681</u> |

Movements of lease liabilities for the reporting year are as follows:

| | <u>2022</u> | <u>2021</u> |
|---|-----------------|-----------------|
| | \$ | \$ |
| Balance at beginning of the year | 609,681 | 556,887 |
| New leases during the year | 626,102 | 678,435 |
| Accretion of interest | 23,049 | 24,682 |
| Covid-19 related rent concessions from lessor | — | (85,000) |
| Lease payments – principle portion | (724,844) | (540,641) |
| Interest expense paid | <u>(23,049)</u> | <u>(24,682)</u> |
| Balance at end of the year | <u>510,939</u> | <u>609,681</u> |

The lease liabilities are in relation to the Society's leased premises, machinery and equipment. Lease liabilities are secured by the right-of-use assets because these will revert to the lessor in the event of default. The right-of-use assets are disclosed in Note 18.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes to in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

A summary of the maturity analysis of lease liabilities that shows the remaining contractual maturities is disclosed in note 30E.

At reporting year date, there were no commitments on leases which had not yet commenced.

Apart from the disclosures made in other notes to the financial statements, amounts relating to leases include the following:

| | <u>2022</u> | <u>2021</u> |
|--|-------------|---------------|
| | \$ | \$ |
| Covid-19 related rent concession from lessor | <u>—</u> | <u>85,000</u> |

25. Fund account balances (cont'd)

- (i) The Cancer Treatment Fund was established in 2005, with the objective to assist cancer patients that have financial difficulties.
- (ii) The SCS-CST Matching Fund was established by the Society to allocate additional resources to enhance capabilities and provide value-added services to achieve affordable and higher quality care. These resources are further supplemented by the grant from the government (see note 23 to the financial statements).
- (iii) SCS Strategic Development Fund was established in 2021, with the objective of funding a replacement building or premises for the Society following the completed disposal of its asset held for sale during the reporting year.
- (iv) The Movember Fund consists of grants received from Movember Group Pty Ltd. These are granted to the Society for the purpose of raising awareness on male health issues. This fund will be utilised for projects agreed with Movember Group Pty Ltd.
- (v) The Terry Fox Run Fund consists of donations received from the Canadian Association of Singapore. These are granted to the Society for cancer research projects. This fund will be utilised for projects agreed with Canadian Association of Singapore.
- (vi) The Endowment Fund was established in 2017 and will be held for 10 years. The fund is granted to the Society for the purpose of assisting with the mission of the Society to minimise the impact of cancer through public education, screening, patient services, financial assistance, research and advocacy.

Interest income has not been allocated to the respective funds as it is impracticable to do so.

26. Revaluation reserve

| | <u>2022</u> \$ | <u>2021</u> \$ |
|--|--------------------|-------------------|
| Investment in debt asset instruments at FVTOCI reserve | <u>(4,095,449)</u> | <u>313,746</u> |
| <u>Movement during the year:</u> | | |
| At beginning of the year | 313,746 | 1,622,139 |
| Fair value loss on debt asset instruments at FVTOCI | (4,623,385) | (1,342,445) |
| Reclassification adjustments for loss included in statement of financial activities – realised on disposal | <u>214,190</u> | <u>34,052</u> |
| At end of the year | <u>(4,095,449)</u> | <u>313,746</u> |

The debt asset instruments at FVTOCI reserve arises from the remeasurement of the debt asset instruments at FVTOCI.

27. Reserve policy

The primary objective of the Society's reserves management policy is to ensure that it maintains strong and healthy capital ratios in order to support its operations and potential initiatives.

The Society targets to maintain an optimum level of accumulated fund which is at least one time of its budgeted operating expenditures. This excludes building or project funds, endowment funds and sinking funds. The Society regularly reviews and manages its reserves to ensure optimal capital structure, taking into consideration the future capital requirements of the Society and capital efficiency, projected income and operating cash flows.

The Investment Committee closely monitors the investment of surplus funds and reserves of the Society. The Investment Committee provides strategic direction on the long term financial and assets development of the Society.

The Society is not subject to externally imposed capital requirements. There were no changes to the Society's approach to reserves management during the year.

28. Columnar presentation of statement of financial position

A large majority of the assets and liabilities are attributable to the General Fund. Majority of the assets of the other funds are represented by cash balances. Accordingly, the Society did not adopt a columnar presentation of its assets, liabilities and funds in the Statement of Financial Position as it was not meaningful.

29. Capital commitments

Estimated amounts committed at the end of the reporting year for future capital expenditure but not recognised in the financial statements are as follows:

| | <u>2022</u> \$ | <u>2021</u> \$ |
|---|-------------------|-------------------|
| Commitments to purchase plant and equipment | <u>2,249,380</u> | <u>—</u> |

30. Financial instruments: information on financial risks

30A. Categories of financial assets and liabilities

The following table categorises the carrying amount of financial assets and liabilities recorded at the end of the reporting year:

| | <u>2022</u> \$ | <u>2021</u> \$ |
|------------------------------|--------------------|--------------------|
| <u>Financial assets</u> | | |
| At amortised cost | 47,244,574 | 65,400,871 |
| At FVTOCI | 60,850,138 | 45,141,732 |
| At FVTPL | <u>2,065,152</u> | <u>—</u> |
| | <u>110,159,864</u> | <u>110,542,603</u> |
| <u>Financial liabilities</u> | | |
| At amortised cost | <u>2,877,507</u> | <u>3,737,011</u> |

Further quantitative disclosures are included throughout these financial statements.

30. Financial instruments: information on financial risks (cont'd)

30B. Financial risk management

The main purpose for holding or issuing financial instruments is to raise and manage the finances for the Society's operating, investing and financing activities. There are exposures to the financial risks on the financial instruments such as credit risk, liquidity risk and market risk comprising interest rate, currency risk and price risk exposures. Management has certain practices for the management of financial risks. The guidelines set up the short and long term objectives and action to be taken in order to manage the financial risks. The guidelines include the following:

1. All financial risk management activities are carried out and monitored by senior management staff.
2. All financial risk management activities are carried out following good market practices.
3. When appropriate may consider investing in shares or similar instruments.
4. When appropriate enter into derivatives or any other similar instruments solely for hedging purposes.

There have been no changes to the exposures to risk; the objectives, policies and processes for managing the risk and the methods used to measure the risk.

30C. Fair value of financial instruments

The analyses of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 are disclosed in the relevant notes to the financial statements. These include the significant financial instruments stated at amortised cost and at fair value in the statement of financial position. The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value.

30D. Credit risk on financial assets

Financial assets are principally from cash balances with banks, cash equivalents, receivables and other financial assets. They are potentially subject to credit risk due to failures by counterparties to discharge their obligations in full or in a timely manner. The maximum exposure to credit risk is the total of the fair value of the financial assets at the end of the reporting year. Credit risk on cash balances and any other financial instruments with banks and other financial institutions is limited because the counter-parties are entities with acceptable credit ratings. For expected credit losses (ECL) on financial assets, the general approach (three-stage approach) in the financial reporting standard on financial instruments is applied to measure the ECL allowance. Under this general approach the financial assets move through the three stages as their credit quality change. On initial recognition, a day-1 loss is recorded equal to the 12 month ECL unless the assets are considered credit impaired. However, for trade receivables that do not contain a significant financing component or when the entity applies the practical expedient of not adjusting the effect of a significant financing component, the entity applies the simplified approach in calculating ECL as is permitted by the financial reporting standard on financial instruments. Under the simplified approach, the entity does not track changes in credit risk, but instead recognises the loss allowance at an amount equal to lifetime ECL at initial recognition and throughout its life at each reporting date. For the credit risk on the financial assets an ongoing credit evaluation is performed on the financial condition of the debtors and any loss is recognised in profit or loss. Reviews and assessments of credit exposures in excess of designated limits are made. Renewals and reviews of credits limits are subject to the same review process.

Cash and cash equivalents are also subject to the impairment requirements of the standard on financial instruments. There was no identified impairment loss.

30. Financial instruments: information on financial risks (cont'd)**30E. Liquidity risk**

The liquidity risk refers to the difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. It is expected that all the liabilities will be settled at their contractual maturity. The average credit period taken to settle trade payables is about 30 days (2021: 30 days). The other payables are with short-term durations. The classification of the financial assets is shown in the statement of financial position as they may be available to meet liquidity needs and no further analysis is deemed necessary. In order to meet such cash commitments the operating activities are expected to generate sufficient cash inflows.

The following table analyses non-derivative financial liabilities by remaining contractual maturity (contractual and undiscounted cash flows):

| | Less than <u>1 year</u> \$ | <u>2 – 3 years</u> \$ | <u>> 3 years</u> \$ | <u>Total</u> \$ |
|-------------------------|----------------------------------|--------------------------|---------------------------|--------------------|
| <u>2022:</u> | | | | |
| Gross lease liabilities | 458,746 | 64,085 | 1,096 | 523,927 |
| Trade payables | 2,366,568 | – | – | 2,366,568 |
| | <u>2,825,314</u> | <u>64,085</u> | <u>1,096</u> | <u>2,890,495</u> |
| <u>2021:</u> | | | | |
| Gross lease liabilities | 518,706 | 90,709 | 20,683 | 630,098 |
| Trade payables | 3,127,330 | – | – | 3,127,330 |
| | <u>3,646,036</u> | <u>90,709</u> | <u>20,683</u> | <u>3,757,428</u> |

The above amounts disclosed in the maturity analysis are the contractual undiscounted cash flows and such undiscounted cash flows differ from the amount included in the statement of financial position. When the counterparty has a choice of when an amount is paid, the liability is included on the basis of the earliest date on which it can be required to pay.

30F. Interest rate risk

The interest rate risk exposure is mainly on interest-bearing financial assets. The following table analyses the breakdown by type of interest rate:

| | <u>2022</u> \$ | <u>2021</u> \$ |
|--|-------------------|-------------------|
| <u>Financial assets with interest</u> | | |
| Fixed rate | <u>95,447,808</u> | <u>70,606,303</u> |
| <u>Financial liabilities with interest</u> | | |
| Fixed rate | <u>510,939</u> | <u>609,681</u> |

The above mainly consists of interest bearing fixed deposits (note 21), quoted debt asset instruments (note 17) and lease liabilities (note 24).

Sensitivity analysis: The effect on statement of financial activities is not significant.

30. Financial instruments: information on financial risks (cont'd)

30G. Foreign currency risks

Foreign exchange risk arises on financial instruments that are denominated in a foreign currency, ie in a currency other than the functional currency in which they are measured. For the purpose of this financial reporting standard on financial instruments: disclosures, currency risk does not arise from financial instruments that are non-monetary items or from financial instruments denominated in the functional currency.

The Society is not exposed to significant foreign exchange risks.

30H. Equity price risk

There are investments in quoted bonds. As a result, such investments are exposed to market price risk arising from uncertainties about future values of these investments. The fair values of these assets and their sensitivity analysis are disclosed in note 17.

31. Changes and adoption of financial reporting standards

For the current reporting year the Singapore Accounting Standards Council issued certain new or revised financial reporting standards. None of these is applicable to the Society for the current reporting year based on its current operations.

32. New or amended standards in issue but not yet effective

For the future reporting years the Singapore Accounting Standards Council issued certain new or revised financial reporting standards. Those applicable to the Society for future reporting years are listed below. The transfer to the applicable new or revised standards from the effective dates is not expected to result in any material modification of the measurement methods or the presentation in the financial statements for the following reporting year from the known or reasonably estimable information relevant to assessing the possible impact that application of the new or revised standards may have on the Society's financial statements in the period of initial application.

| <u>SFRS No.</u> | <u>Title</u> | <u>Effective date for periods beginning on or after</u> |
|-----------------|--|---|
| SFRS 1 | Disclosure of Accounting Policies - Amendments to FRS 1 and FRS Practice Statement 2 Making Materiality Judgements | 1 Jan 2023 |
| SFRS 8 | Definition of Accounting Estimates - Amendments | 1 Jan 2023 |
| SFRS 1 | Presentation of Financial Statements - amendment relating to Classification of Liabilities as Current or Non-current | 1 Jan 2024 |
